FRIDAY, OCTOBER 23, 2015

OPPORTUNITIES for **INTERNSHIPS** and **WORKSTUDY**
that PROVIDE STUDENTS, UPON TRANSFER, with
EXPERIENCE in their **CHOSEN FIELDS**

9:30-10:00 am
Duke University

SHARON COWARD, Program Coordinator for the Summer Medical and Dental Education Program (SMDEP), Duke University

SMDEP, a national program of the Robert Wood Johnson Foundation, is a free six-week residential program of academic preparation for the pre-health sciences. The program is for students interested in pursuing graduate education in the health professions, especially medicine and dentistry. SMDEP enhances the opportunities for acceptance to health professions educational institutions by intense academic enrichment in the basic sciences, quantitative topics, medical ethics, health disparities, learning strategies, and clinical exposure.

10-10:30 am
North Carolina A&T State University (NC A&T) - Aggies Do!

JAMEIA TENNIE, Associate Director for Transfer Admissions

This session will highlight the academic and internship opportunities available to NC A&T students.

10:30-11:00 am
North Carolina Central University (NCCU) Geosciences

CHRISTOPHER MCGINN, PH.D., Assistant Professor in Environmental, Earth, and Geospatial Sciences

Dr. McGinn will discuss the field of Geosciences and what is offered throughout the course work during the pursuit of the Bachelor of Science degree in Environmental and Geographic Science at NCCU, as well as discuss the professional internships and externships that majors have or are currently conducting.

11:00-11:30 am
University of North Carolina Greensboro (UNCG)

ANDRE HILL, Senior Assistant Director of Undergraduate Admissions

Mr. Hill will discuss how the Career Services Center at UNCG is working to connect students with a career pathway and help them think beyond their diplomas.

11:30 am-12:00 pm
East Carolina University (ECU) Bachelor of Science in Industrial Technology

AMY FRANK, Director of Program Development and Outreach, Department of Technology Systems (TSYS)

The TSYS department at ECU offers undergraduate and graduate options on the main campus and online. The most popular transfer option is the Bachelor of Science in

Industrial Technology (BSIT) which is a degree completion program that interfaces with over 50 Associates in Applied Science (AAS) degree programs in North Carolina. This allows AAS graduates and working professionals who hold AAS degrees an opportunity to pursue baccalaureate degrees online or on the main campus. Other BS degrees include Design, Industrial Engineering Technology, Distribution and Logistics, and Information Computer Technology. ECU's graduate degree and certificate programs offer professional development opportunities for community college faculty and working professionals.

12:00-12:30 pm
Western Carolina University (WCU)

DENEEN LANDIS, Internship Coordinator, Center for Career and Professional Development

Ms. Landis will explain internship and experiential learning opportunities at WCU.

12:30-1:00 pm
Appalachian State University (ASU)

JANE REX, Director of the Office of Transfer

MARK NUNES, Chair of Department of Cultural, Gender, and Global Studies

Ms. Rex will discuss internship opportunities at ASU and Mr. Nunes will speak about opportunities for students to design their own path through an interdisciplinary studies opportunity.

1:00 -1:30 pm
University of North Carolina at Chapel Hill (UNC-CH)

BRIAN WOODARD, C-STEP (Carolina Student Transfer Excellence Program) Program Coordinator for the Office of Undergraduate Admissions
EMILY GOMEZ, Assistant Director in the University Career Services department

Mr. Woodard and Ms. Gomez will speak about work-study and internship opportunities available to UNC-CH students.

1:30-2:00 pm
North Carolina State University (NCSU)

KATIE JACKSON, Coordinator of Teacher Education Recruitment for the College of Education

Ms. Jackson will speak about employment opportunities in the field of education.

2:00-2:30 pm
University of North Carolina Asheville (UNCA)

SARAH HUMPHRIES, Transfer Admissions Counselor

Ms. Humphries will speak about the transfer process to UNCA along with the benefits of a liberal arts education coupled with undergraduate research opportunities.
